

The Lock Out

By Charlotte

A funny thing happened on our fire drill at school. We all went outside for our fire drill and Mrs. Pfeifer locked the doors. It was noisy because the CAM kids were having recess. Thankfully it was not raining, but it was extremely cold. After about five minutes we walked back and Mrs. Pfeifer discovered she did not have her key. We waited for about thirty seconds. Finally, one of the moms went to the office and retrieved the key. That was the funniest day of school.
