# The Very Funny Chicken

By Julia

Once there was a very goofy chicken that loved to flap her brown chocolate wings. On an exquisite sunny day, my family and I were having a picnic in our backyard. Unexpectedly we were surprised with a piercing, bugoch! We all quickly turned to see what was going on. Surprisingly, our chicken Cheeks was dashing across the damp grass screaming, “Bugoch! Bugoch!” as she flapped her little wings. Then she suddenly just stopped, and started to happily walk like nothing had happened. We all started to look at each other and couldn’t help laughing. I highly recommend you having chickens, they can bring lots of joy to you and your family, not to mention the eggs!
